WITH CLANS MACHINA SMART AUTO GATE KEEP YOUR FAMILY AND PROPERTY SAFETY.

Clans Machina takes the privilege of introducing India's smartest Automatic Folding Gates. The Automatic gates manufactured by us have a high preference in the market as it is India's most inclusive range of Automatic gates which are simple, easy to use systems. With our clients in mind, we offer Versatile models of Automatic gates in India.

The Wireless remote is equipped with a feature to control your driveway lights or Gate light, so you don't have to enter a dark house and then look for a switch to turn ON the lights. You don't need a gatekeeper or a security guard to operate, You don't need to get down from your car if your Security guards don't come on work. It's raining or if its scorching summer noon, just stay in your car or home and open your gates, automatically. No hassles of locking the gate with huge and heavy locks and carrying numerous keys.

Relative Maintenance Cost	₹	₹₹	₹₹₹	₹₹₹₹

Adopt Modernization

You want your lift to be as safe, efficient and appealing as possible

Modernisation brings you these key benefits when your system is starting to lose its shine and performance – for significantly less than a new lift.

With Clans Machina Give Makeover to Your Lifts

Easy, Efficient, and Affordable Modernization Solutions For old Elevators.

Aging Elevators Cause rough User Experience

Unlike any machine, an elevator has a certain working life cycle after which it ceases to work or gives repeated complaints even after periodic repair & maintenance.

As an elevator system ages, its maintenance and operating costs increase over time and it may no longer be performing well enough to deliver service on par with new buildings in the vicinity.

CLANS MODERNIZATION PACKAGES

You know the demand of your lift better than anyone, so we designed our modernization packages around you. We provide a variety of modernization options to advance your lift without the overhaul and cost of modernizing your entire system.
